

EARTHFORGE

GEO-ENGINEERING

Grounded in Science. Built for Strength

EarthForge Career Accelerator

Mentorship Program for Earth Science Students

Build. Connect. Grow.

About the Program

EarthForge Career Accelerator is built for students who want more than just a degree. We bridge the gap between theory and real industry expectations. You will learn how the industry actually works, what employers look for, and how to position yourself ahead of other students.

This program is designed to give you clarity, direction, and confidence in your career journey.

What You Will Gain

CV & Personal Branding: Learn how to build a CV that gets noticed.

Opportunities: Guidance on bursaries, internships, and vacation work.

Networking: Learn how to approach professionals and build real connections.

Industry Insight: Understand real-world geology, mining, and geotech environments.

Program Fee & Offer

Monthly Fee: R150

This is a small investment for a big career advantage.

Referral Bonus:

Bring 3 students into the program and get **35% OFF** for 2 months.

Grow your network while saving money.

Join the Movement

Serious about your future? This is your opportunity to stand out.

Limited spaces available.
